

Get ahead in business with a great business plan.

A sound business plan can mean the difference between a business that prospers and one that flounders. Writing a winning business plan is now much easier than you may think with **Rentons Business Planning Made Easy CD**.

The *Business Planning Made Easy* CD takes you step-by-step through the process of creating a successful business plan. With easy to use templates and reference material, you can prepare a comprehensive business plan for your business. Developed by Rentons specifically for start up business owners, the CD also contains links to many useful government business information websites and for only \$25 (including GST), its great value.
