Dear Renton

Happy New Year!

Thank you for being a part of the TCCI College of Management 2006 program. Your contribution as a guest speaker to our Frontline Management Diploma students was very much appreciated.

The feedback from the participants is that the guest speaker presentations are invaluable in assisting them to translate theory into sustainable workplace behaviour change.

In recognition of your valuable time and involvement in our program, please accept this gift on behalf of the College and Damon Thomas, our CEO.

Yours sincerely

Judy Phair
